**Stance: No objection.**

Dear Sullivan,

I am writing in respect of ecological matters for the above application advice request regarding the proposed demolition of existing bungalow and erection of two new bungalows.

Thank you for reconsulting with me following my comments made during October and December 2023 requesting additional information in relation to roosting bats.

I have reviewed the recently submitted Emergence Survey Report 2024 completed by Chase Ecological Consultancy. The result of the previously recommended bat presence/likely absence emergence survey indicated that no bat roost was present and therefore there is no further requirement to provide any additional information or mitigation in relation to roosting bats. I therefore remove my original holding objection.

Yours sincerely,

**Dean LeFeuvre** BSc (Hons) MCIEEM

**Principal Ecologist**
