Hi Ashleigh,

Thank you for your email. Please see my response in blue text below.

1. The Application Form states that there are no hours of operation applicable to the proposal. Does this suggest that all elements of the proposal (in particular the jetwashes) will operate 24-hours per day?
[Yes, we are proposing that all elements of the proposal will operate 24-hours a day. However, we would be willing to consider reasonable restrictions on the operating hours of the jet wash bays if required by the Environmental Health Officer. Please let me know if such restrictions are deemed necessary.](#)
2. The plans refer to the air/vac bays as 'valeting bays'. Could you confirm that these are self-service bays, or whether the reference to valeting suggests a professional service with employees?
[These are self-service bays, with no staff involved in providing a valeting service.](#)
3. To confirm, is it correct to interpret that aside from the 155sqm loss of hedging from the central traffic island, that the remainder of vegetation on the island is being retained as opposed to being replanted?
[Yes, the remainder of vegetation on the island is to be retained. For clarity, the proposed loss of hedging amounts to 15 sqm.](#)

Could we please agree to an extension of time until next Friday 3 July 2026?

I look forward to hearing from you.

Kind regards,

Rahma
