Details of the pre-application advice received

The school land is no longer required, and the approach as outlined in your letter is broadly acceptable.

I would suggest that the NMA application is submitted and determined before the Section 73, as this would reduce the risk of any potential objection to the principles of the Section 73 and subsequent full application.

The future case officer is not confirmed at this stage. Subject to workload capacity it would of course make sense for me to take this on, but I will let you know in due course if anything changes.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No
