## Town and Country Planning Act 1990

### Outline Planning Permission

#### Name and Address of Applicant

Mr Sahota  
2012 Partnership Homes Ltd  
50 Friar gate  
Derby  
DE1 1DF

#### Name and Address of Agent (if any)

Mr Jack Wilkins  
Marrons  
1 Colton Square  
Leicester  
LE1 1QH

### Part I - Particulars of Application

Date of Application	Application No.
7 April 2025	25/00374/OUT

#### Particulars and location of development:

Erection of two custom-build dwellings (outline application with all matters reserved except landscaping and access)

#### Land Adjacent Home Farm Bradgate Hill Groby Leicestershire

### Part II - Particulars of decision:

In dealing with the application, through ongoing negotiation the local planning authority have worked with the applicant in a positive and proactive manner by offering a pre-application advice service and by seeking solutions to problems arising in relation to dealing with the planning application and this has resulted in the approval of the application. The Local Planning Authority has therefore acted pro-actively to secure a sustainable form of development in line with the requirements of the National Planning Policy Framework (paragraph 38) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended).

**In pursuance of its powers under the Town and Country Planning Act 1990, the Hinckley and Bosworth Borough Council grants outline planning permission for the carrying out of the development referred to in Part I hereof, in accordance with the application and plans submitted, subject to the following condition(s) :-**

1. An application for the approval of reserved matters shall be made within two years from the date of this permission, and the development of each individual plot shall commence not later than one year from the date of approval of the last of the reserved matters to be approved for that plot.

Reason: To comply with the requirements of Section 92 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.

2. Development shall not commence on each plot until details of the layout, scale and appearance for that plot have been submitted to, and approved in writing, by the Local planning Authority. Thereafter the development of each plot shall be implemented in accordance with the approved reserved matters.

Reason: To ensure a satisfactory form of development in accordance with Policies DM1, DM4 and DM10 of the Site Allocations and Development Management Policies Development Plan Document (2016).

3. Notwithstanding the indicative details on the submitted plans, the development hereby permitted shall

**IMPORTANT – PLEASE REFER TO THE NOTES AT THE END OF THIS DOCUMENT**

not be carried outside of the designated red line boundary detailed on the following plans:

- Site Location Plan - A-E10-001 - received 07/04/2025
- Parameter Plan - SK-240708-3 Rev A - received 27/05/2025

Reason: To ensure a satisfactory form of development in accordance with Policies DM1, DM4 and DM10 of the Site Allocations and Development Management Policies Development Plan Document (2016).

4. The scheme of soft landscaping works shall be carried out in full accordance with the submitted "Detailed Landscape Proposals - Drawing No. 25.1918.001" received 18.02.2025. The soft landscaping scheme shall be maintained for a period of five years from the date of planting. During this period any trees or shrubs which die or are damaged, removed, or are seriously diseased shall be replaced by trees or shrubs of a similar size and species (native) to those originally planted at which time shall be specified by the Local Planning Authority. Details of the proposed hard landscaping proposals shall be submitted as part of any forthcoming Reserved Matters Proposal.

Reason: To ensure that the development has a satisfactory external appearance in accordance with Policies DM4 and DM10 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016).

5. No part of the development hereby permitted shall be occupied until such time as vehicular visibility splays of 2.4 metres by 120 metres have been provided to the southeast of the site access. These shall thereafter be permanently maintained with nothing within those splays higher than 0.6 metres above the level of the adjacent footway/verge/highway.

Reason: To afford adequate visibility at the access to cater for the expected volume of traffic joining the existing highway network, in the interests of general highway safety, and in accordance with Policy DM17 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016) and the National Planning Policy Framework (2024).

6. No part of the development hereby permitted shall be occupied until such time as the access arrangements shown on Proposed Site Access & Visibility Splays drawing number 24-463- SK01 A have been implemented in full.

Reason: To ensure that vehicles entering and leaving the site may pass each other clear of the highway, in a slow and controlled manner, in the interests of general highway safety and in accordance with Policy DM17 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016) and the National Planning Policy Framework (2024)

7. Notwithstanding the provisions of Part 2 of Schedule 2, Article 3 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking and re-enacting that Order) no gates, barriers, bollards, chains or other such obstructions shall be erected to the vehicular access.

Reason: To enable a vehicle to stand clear of the highway in order to protect the free and safe passage of traffic including pedestrians in the public highway in accordance with Policy DM17 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016) and the National Planning Policy Framework (2024).

8. The development hereby permitted shall not be occupied until such time as the access drive (and any turning space) has been surfaced with tarmacadam, or similar hard bound material (not loose aggregate) for a distance of at least 5 metres behind the highway boundary and, once provided, shall be so maintained in perpetuity.

Reason: To reduce the possibility of deleterious material being deposited in the highway (loose stones etc.) in the interests of highway safety and in accordance with Policy DM17 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016) and the National Planning Policy Framework (2024).

9. All mitigation measures and/or works shall be carried out in accordance with the details contained in the Preliminary Ecological Appraisal (Wildlife Consultants Limited, March 2025) as submitted with the planning application and agreed in principle with the local planning authority prior to determination. This may include the appointment of an appropriately competent person e.g. an ecological clerk of works (ECoW) to provide on-site ecological expertise during construction. The appointed person shall

undertake all activities, and works shall be carried out, in accordance with the approved details.

Reason: To conserve protected and Priority species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 (as amended) and s40 of the NERC Act 2006 (as amended), and in accordance with Policy DM6 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016)

10. Prior to any works above floor plate level for each plot, a Biodiversity Enhancement Layout for biodiversity enhancements listed in the Preliminary Ecological Appraisal (Wildlife Consultants Limited, March 2025) report for that plot, shall be submitted to and approved in writing by the local planning authority. The content of the Biodiversity Enhancement Layout shall include the following:

- a) detailed designs or product descriptions for biodiversity enhancements; and
- b) locations, orientations and heights for biodiversity enhancements on appropriate drawings.

The enhancement measures shall be implemented in accordance with the approved details prior to first occupation of the plot to which it relates and all features shall be retained in that manner thereafter.

Reason: To enhance protected and priority species & habitats and allow the Local Planning Authority to discharge its duties under paragraph 187d of the NPPF 2024 and s40 of the NERC Act 2006 (as amended), and in accordance with Policy DM6 of the adopted Site Allocations and Development Management Policies Develop Plan Document (2016).

11. Prior to the installation of any external lighting a lighting design strategy for biodiversity in accordance with Guidance Note 08/23 (Institute of Lighting Professionals) shall be submitted to and approved in writing by the local planning authority for the plot to which it relates.

The strategy shall:

- a) identify those areas/features on site that are particularly sensitive for bats and that are likely to cause disturbance in or around their breeding sites and resting places or along important routes used to access key areas of their territory, for example, for foraging; and
- b) show how and where external lighting will be installed (through provision of appropriate lighting contour plans and technical specifications) so that it can be clearly demonstrated that areas to be lit will not disturb or prevent the above species using their territory or having access to their breeding sites and resting places.

All external lighting shall be installed in accordance with the specifications and locations set out in the scheme and maintained thereafter in accordance with the scheme. Under no circumstances should any other external lighting be installed without prior consent from the Local Planning Authority.

Reason: To allow the Local Planning Authority to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 (as amended) and s40 of the NERC Act 2006 (as amended), and in accordance with Policy DM6 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016).

#### NOTES TO APPLICANT :-

1. The approved development may require Building Regulations Approval, for further information please contact the Building Control team via e-mail at [buildingcontrol@hinckley-bosworth.gov.uk](mailto:buildingcontrol@hinckley-bosworth.gov.uk) or call 01455 238141.
2. The suitability of the ground strata for soakaway drainage should be ascertained by means of the test described in BRE Digest 365, and the results approved by the Building Control Surveyor before development is commenced. The soakaway must be constructed either as a brick or concrete-lined perforated chamber with access for maintenance or alternatively assembled from modular surface water storage/soakaway cell systems, incorporating silt traps. Design and construction of all types of soakaway will be subject to the approval of the Building Control Surveyor.
3. Any proposed access drives, parking and turning areas, paths and patios should be constructed in a

permeable paving system, with or without attenuation storage, depending on ground strata permeability. On low-permeability sites surface water dispersal may be augmented by piped land drains, installed in the foundations of the paving, discharging to an approved outlet (See Environment Agency guidance on the permeable surfacing of front gardens).

4. Should any bats or evidence of bats be found prior to or during the development, all works must stop immediately, and a suitably qualified ecologist contacted for further advice before works can proceed. All contractors working on site should be made aware of the advice and provided with the contact details of a relevant ecological consultant. If a Bat is found during the works the ecological consultant or National Bat Helpline should be contacted for advice on: 0345 1300 228.
5. The development has been determined following the submission of the relevant Unilateral Undertaking.

**Christopher Brown MRTPI**  
**Head of Planning**

Date:- 1 December 2025

## NOTES

1. It will be most helpful if the application number shown overleaf is quoted in all correspondence.
2. If you consider that this decision has been made invalidly through the Council failing to follow a procedure correctly, not having the legal power to make the decision in the way it did or through its decision being so unreasonable as no reasonable local authority would make the same decision based on the same facts, then you may enter a claim for judicial review to quash the decision. In order to proceed with a claim for judicial review an initial application for permission will need to be made to the Administrative Court, this application is required to be made "promptly and in any event within three months of the decision". The initial permission application will decide if you have an arguable case, whether you are sufficiently materially affected by the decision to bring the claim. If you are granted permission to bring the claim it will proceed to a full hearing at the Administrative Court. Although there is no requirement for you to do so it is highly recommended that you seek independent legal advice before bringing forward a claim for Judicial Review.
3. If you are aggrieved by the decision of the Local Planning Authority to grant permission subject to conditions, you may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within **six months** (see para 2a below) of the date of this notice. (Appeals must be made on a form which is obtainable from the Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN, tel. 0303 444 5000 or online at <https://www.gov.uk/appeal-planning-decision>). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that the permission for the proposed development could not have been granted by the Local Planning Authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements as set out in Section 78 of the Town and Country Planning Act 1990, to the provisions of the development order, and to directions given under the order. He does not in practice refuse to entertain appeals solely because the decision by the Local Planning Authority was based on a direction given by him. Appeals- new time rules. Appeals relating to applications made to the Local Planning Authority on, or after, 5<sup>th</sup> September 2003 must be made within **six months** of the date of this notice.
4. If permission to develop land is granted permission subject to conditions, whether by the Local Planning Authority or by the Secretary of State for the Environment, and the owner claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council a purchase notice requiring that Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
5. In certain circumstances, a claim may be made against the Local Planning Authority for compensation, where planning permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
6. This permission covers only consent under the Town and Country Planning Acts and does not give permission to demolish a Listed Building, for which separate consent is required. Amongst other things the consent of the Council may be required under the Building Regulations and if the proposals affect land within the limits of the highway (that is between the highway fences or hedges) the separate consent of the Highway Authority may also be required. Steps to obtain the necessary further consents should be taken before proceeding with the development.

## SHOPS, OFFICES, FACTORIES, EDUCATIONAL BUILDINGS & BUILDINGS TO WHICH THE PUBLIC ARE TO BE ADMITTED : ACCESS AND PROVISION FOR THE DISABLED PERSONS

1. The Local Planning Authority is required to bring to your attention the requirements of the Disabled Persons 1981, Building Regulations 1991 "Access and facilities for Disabled People" document M and the Chronically Sick & Disabled Act 1970 (as amended 1976) (Sections 4.7.8 and 8A) requiring the provision of access facilities, car parking and toilets for the disabled and the provision of signing indicating what provision has been made for disabled persons within the building. Your attention is also drawn to the Code of Practice BS 5619 "Design of Housing for the convenience of Disabled People", 1978 and Code of Practice, BS 5810 : 1979, "Access for the Disabled to buildings" available from the British Standards Institution, 2 Park Street, London W1A 2BS. (Tel 071-629-9000) and (in so far as educational buildings are concerned), to Design Note 18 "Access for the Physically Disabled to Educational Buildings."
2. The buildings to which these requirements apply are :-
  - a) Buildings to which the public are to be admitted to which Section 4 of the Chronically Sick & Disabled Act 1970 (as amended 1976) applies.
  - b) Offices, Shops & Railway Premises as defined in the Offices, Shops & Railway Premises Act 1963 or premises deemed to fall within the Act.
  - c) Factories as defined by Section 175 of the Factories Act 1961.

## OPNOTES (02/07/2014)

Hinckley & Bosworth  
Borough Council

## Start Notice

### **Important Information – Please keep this with your decision notice**

Please read the above decision notice carefully and ensure that you understand and comply with the requirements of any planning conditions imposed.

If you require any further information about why a particular planning condition has been imposed or in respect of what information is needed to discharge your condition please contact the case officer who will be happy to advise of the requirements and information required.

We carry out a programme of site monitoring to check compliance with conditions in order to proactively manage the development and to ensure development is carried out in accordance with the planning permission granted.

Please ensure that any application for the discharge of pre-commencement conditions are carried out in a timely manner as this may take up to 8 weeks depending on the requirements of the condition. Please also be aware there is a charge to discharge conditions per request which means you can discharge conditions individually or group details together as a single request to discharge multiple planning conditions. The fee for discharging these pre-commence conditions, can be found on the [planning portal](#).

We would be grateful if you could email the development address and application reference number with your contact details and the intended start date by email to [planning@hinckley-bosworth.gov.uk](mailto:planning@hinckley-bosworth.gov.uk) or complete the form on the reverse.
