Hi Simon,

Just following up on the comments you made for the above application. Please could you review the e-mail comments below and let me know if this would be acceptable?

The applicant has confirmed the removal of the red/white targets.

Kind regards,

Gwion Russell

H  ion,

Apologies for the delay in responding.

The play equipment company have confirmed they will be using an '868 rebound mesh fencing.' This is designed to absorb impact and rebound the ball appropriately and is specifically designed for sports purposes.

Further specs on the fence panels from the manufacturer are below:

*2030mm high x 2506mm long, Duex 868 mesh panels (Green)
Galvanised to BSEN ISO 1461
Polyester powder coated to BS EN 13438 : 2005 & BS 1722-16 : 2009 (excludes marine environment).*

The client has also confirmed they are happy to remove the target boards if these are seen as an issue.

I hope this clarifies but please do not hesitate to contact me if any further information is required.

Kind Regards,

Maisie Odom Hayward Architects Ltd

Hi Maisie,

Thank you for your e-mail.

I have reviewed the application and three of the consultants have raised no objections to the proposals (Ecology, Sport England LCC Minerals and .

HBBC Pollution have come back and commented the following:

“I have some concerns regarding impact noise from balls hitting the fence (owing to adjacent residential). Further details are required on the fence structure as measures are usually taken by the supplier to reduce impact noise. It is also recommended that the targets on the fences are removed.”

Would this be something that could be amended by yourselves?

I anticipate this application should be assessed in line with its original target date, but I shall let you know prior to then should I need any further additional information.

Kind regards,

Gwion Russell

Hi Gwion,

I hope you are well.

Is there anything further you require from us to support the MUGA application for the Stoke Golding Village Hall?

Many Thanks,

Maisie Odom Hayward Architects Ltd
