Comments:
Could you please consider the Highway Authority response through the 'Standing advice' procedure with the following comments?:
On the basis of the plans available on the LCC Highways ConsulteeAccess web pages, it is not possible to tell if the proposal will lead to the erection of higher walls etc. at the frontage of the dwellings than those approved by the existing planning permission. The Highway Authority has concerns that visibility splays, including pedestrian visibility splays could be compromised as a result of the proposal leading to additional dangers to road users. Further details are required and a further Highway Authority response will be necessary.
