Hi my name is Phillip mayne from avail property improvements
This attached PDF file is the file that has been updated with added information you requested
I think the only thing missing in my application now is the site location plans which I bought on the planning portal
But they have gone missing I cant find them when I logged back in.
So I will go into hinckley council offices and purchase them next week again
If there is anything else missing please can you let me know
Tel:07900 124631 or 01455 273711
Regards phillip
