# Parking Provision

**Proposed Change of Use, Extensions & Alterations to**
**The Plough Inn 23 Church Street Earl Shilton LE9 7DA.**
**For Mr Deacon**

**Parking Provision**

As a Public House the Plough Inn had parking for around 10 cars, the cars all accessed the site head on parking side by side across the whole width of the site. This in effect created 10 driveways and highways issues at closing time when the cars left the site.

Our proposal is to create just one access into and out of the site and to provide a turning area so this can always be done travelling forwards. There will be external 3 parking spaces and the new Single Garage.
