Subject: Jelson Equipped POS Area

Hi Matt

My comments on the provision would be as follows:

- Not 100% why they are calling it a LAP as a LAP does not have equipment essentially
- They are to provide a LEAP and so this is just being split into two areas (one of them they have called the LAP)
- The LEAP shows one whole half without any equipment. The area required should reflect the relevant play provision
- Confirmation of the play area boundary treatments(including where the access to each one will be)
- What is the surfacing material – prefer hard bound all over so can be used 12 months a year (they could also incorporate some interactive play such as hopscotch, colour wheels, numbers etc in the surfacing)
- Hard surfaced access to each of the play areas is required to make it inclusive of all users
- Dog bins and seating around the other areas of the site would be beneficial
- The play area is missing a roundabout and perhaps some more inclusive pieces would be beneficial

Kind Regards
