Thank you for your consultation in respect of the above planning application. I am sorry for the delay in responding.

The County Council has considered the application, having regard to the Development Plan, National Planning Policy Guidance and other relevant material considerations. In this particular instance, the County Council, as Minerals and Waste Planning Authority, comments as follows;

The application site is located in the Mineral Safeguarding Area for sand and gravel and Policy MS11: Safeguarding Mineral Resources applies. However, Table 4 of the Leicestershire Minerals and Waste Local Plan sets out those development types that are exempt from the safeguarding process including at (a) applications for householder development. With that in mind, I have no comments to make.

Yours Sincerely,

Vicky Webb
