

Pitch Perimeter Plan

DIMENSIONS:

- Posts are approximately 1.1m (3.6ft) out of the ground and set at 2.6m centres

MATERIALS:

- Extra heavy duty uprights & top rails made from 60mm OD galvanised steel
- Complete with Kee-Klump fittings
- All metalwork is polyester powder coated green, black or white
- Twin wire 868 steel mesh panels & fastening clips
- Single leaf player and double leaf tractor gates

Installation Area

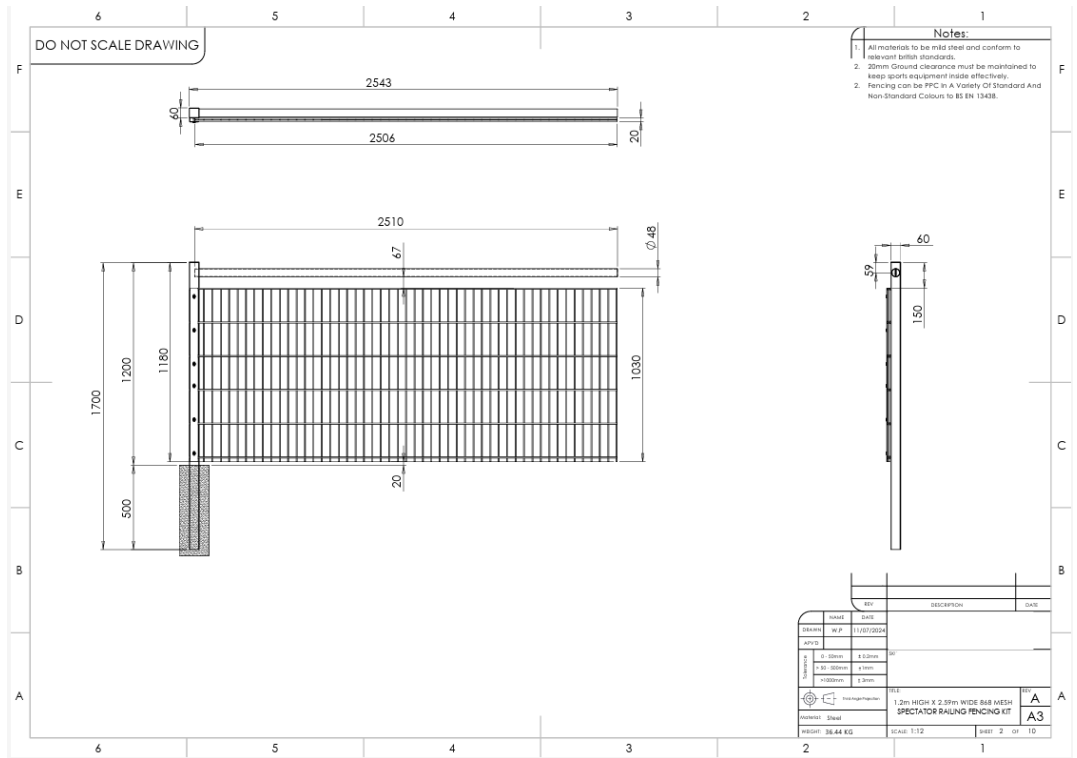

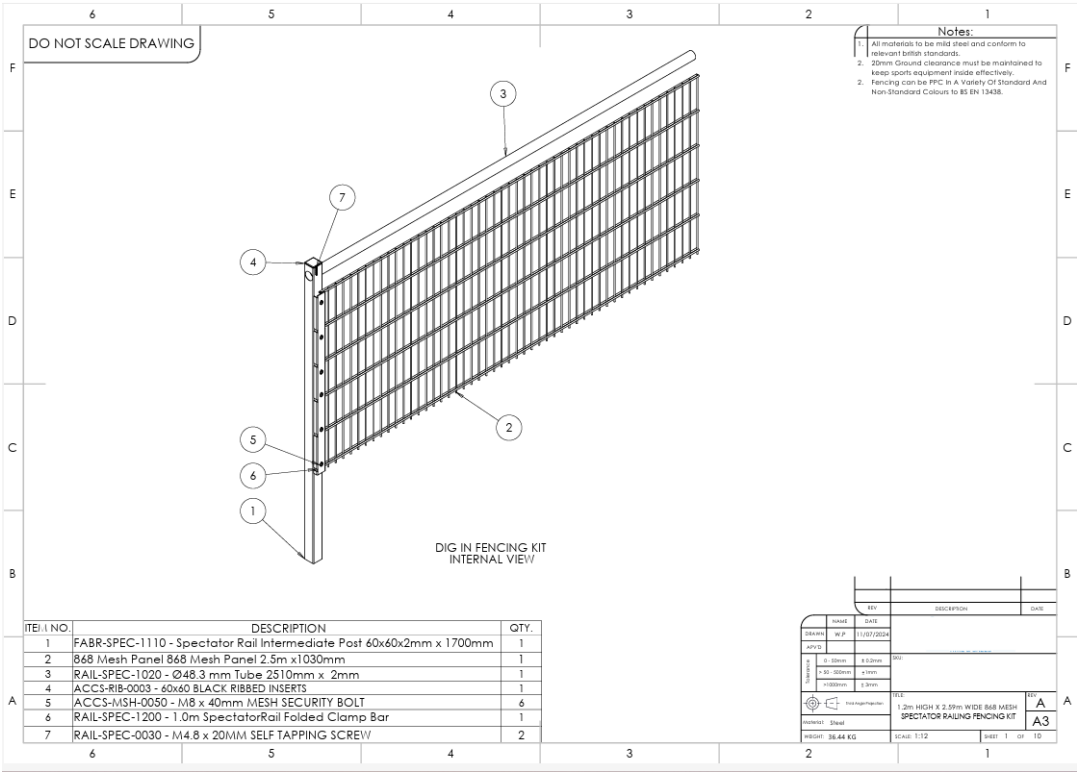

- Red is replacement
- Green is extension
- Yellow is pedestrian gate
- Blue is tractor gate
- Grey boxes are relocated dug outs

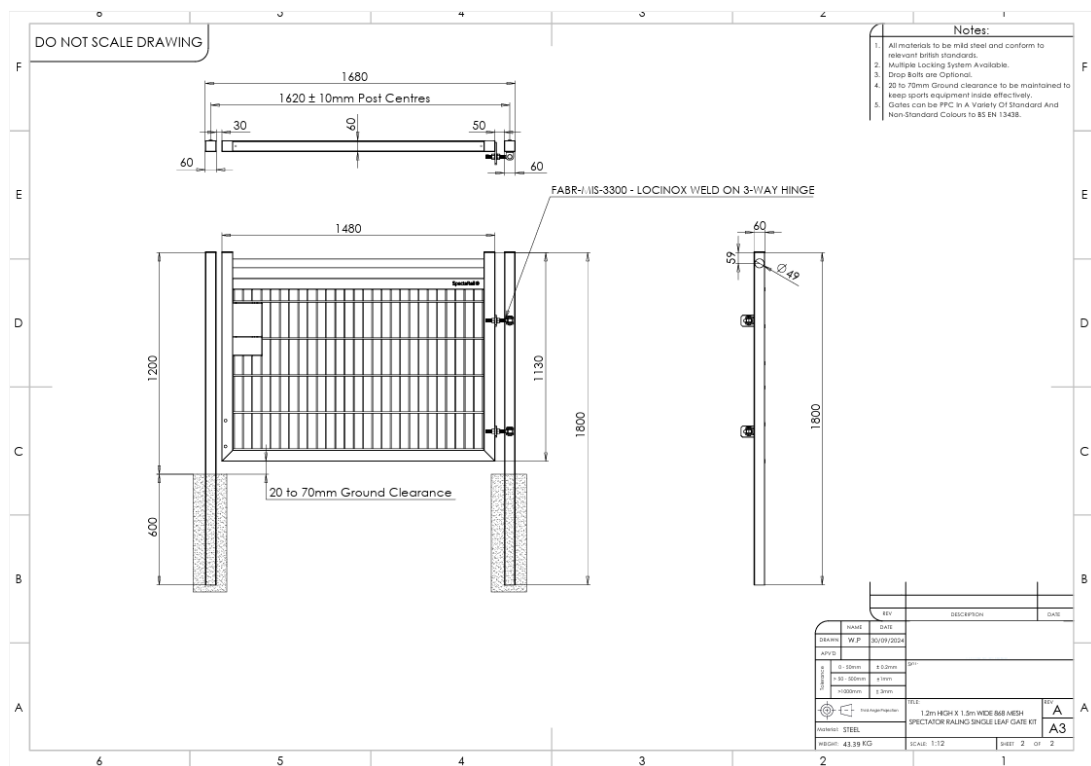

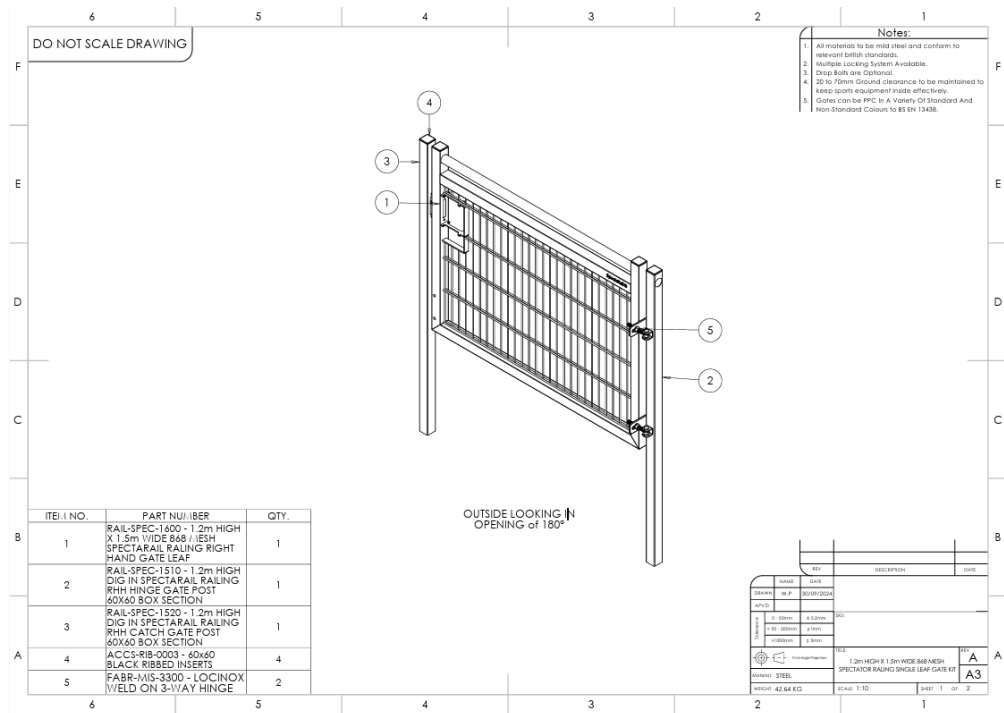

Perimeter fencing will be broken at dug out locations, but fencing will finish adjacent to dug outs
