

CONSULTATION TEMPLATE RESPONSE FROM LEICESTERSHIRE COUNTY COUNCIL:

ECOLOGY AND BIODIVERSITY PLANNING ADVICE

COUNTY, DISTRICT OR BOROUGH	Hinckley and Bosworth Borough Council
APPLICATION NUMBER	25/00630/HOU
ADDRESS	22 The Fairway Burbage Hinckley Leicestershire LE10 2TZ
DESCRIPTION OF DEVELOPMENT	Single storey side extension with a roof lantern, removal of garage.
PLANNING CASE OFFICER	Zahra Jam-Rotbeh
DEPARTMENT	
	Ecology
PLANNING ECOLOGY OFFICER	
	Jemma Bett
DATE OF COMMENTS	
	25 July 2025
ECOLOGICAL DOCUMENTS REVIEWED:	
- Proposed elevations - 25.14.07 (June 2025) - Existing elevations – 25.14.01 (June 2025)	
SUMMARY RECOMMENDATION:	
No comment	
No objection (for recommended conditions or informatives- see below)	✓
Recommend Refusal	
Holding Objection - Further information required	
REASON FOR RECOMMENDATION:	
- The proposed works consist of the demolition of the existing garage, removal of the chimney and the erection of a single storey side extension. - It is sited on existing hard standing within a built-up location, with school fields towards the rear of the property. - Having viewed the plans and aerial photos, the roof of both the garage and dwelling appear to be in good condition and well maintained, with no lifted tiles or missing mortar. Therefore, will have limited suitability for protected species. - As such, no ecological surveys are required, and we have no objection. - However, given the removal of the chimney please see the following informative.	
ANY RECOMMENDED CONDITIONS TO BE APPLIED:	
ANY RECOMMENDED INFORMATIVES TO BE APPLIED:	
The property may be suitable for roosting bats, which are protected by law from harm. It is the applicant's responsibility to ensure that bat legislation is not breached, and therefore may need to consult with a licenced bat ecologist prior to commencement to	

ensure that bats will not be impacted by the works. The applicant should ensure that all contractors and individuals working on the property are aware of this possibility, as works must cease if bats are found during the course of the works whilst advice from a bat ecologist is obtained. Bats are particularly associated with the roof structure of buildings, including lofts, rafters, beams, gables, eaves, soffits, flashing, ridge-tile, chimneys, the under-tile area, etc. but may also be present in crevices in stone or brickwork and in cavity walls.	
IN THE CASE OF DISCHARGE OF CONDITIONS ONLY: (Please confirm which condition(s) is/are being discharged)	
•	
BIODIVERSITY NET GAIN (BNG) SECTION	
HAVE MINIMUM NATIONAL INFORMATION REQUIREMENTS BEEN PROVIDED (PPG paragraph 11):	
Confirmation that development is subject to statutory biodiversity gain condition	Y/N
Pre-development Habitat Plan of existing onsite habitat (to scale)	Y/N
Pre-development Habitat Value (on date of application or earlier)	Y/N
Completed Metric Calculation Tool	Y/N
Statement of Habitat Degradation where present (with dates and details)	Y/N
Reason for proposing an earlier date if applicable (ie. degradation)	Y/N
Description of Irreplaceable Habitat where present	Y/N
SMALL SITES METRIC ONLY: "Competent person" information (ie. qualifications, skills, experience)	Y/N
BNG METRIC INFORMATION missing or incorrect:	
Incomplete or incorrect cells are shown in metric (eg. habitat quantity, type or condition, strategic significance)	Y/N
ON-SITE AND OFF-SITE PROPOSALS PRESENT: These should be secured and monitored for 30 years	
Applicant-owned <u>significant onsite</u> BNG is proposed	Y/N
Off-site BNG is proposed (eg. BNG units provided to achieve 10% BNG uplift either on applicant-owned land, purchased units or statutory credits) PLEASE NOTE: this is indicative only , confirmed at Biodiversity Gain Plan condition stage	Y/N
TYPE OF SIGNIFICANT ON-SITE HABITAT PROPOSED: (using the current government definition¹)	
Medium or High Distinctiveness	Y/N
Large number of units at Low Distinctiveness	Y/N
Significant increase in Distinctiveness, Condition or Area	Y/N

Note for applicants: Please be aware that this advice is provided to the Local Planning Authority through a Service Level Agreement between the Local Planning Authority and Leicestershire County Council Ecology Team. Its purpose is to discharge the legal duties of the determining authority under The Local Authorities (Functions and Responsibilities) Regulations (2000), Regulations 4.

If you have any queries about the content, please correspond directly with the Planning Officer assigned to the planning application or discharge of condition application. We are unable to respond directly to applicant enquiries regarding the advice that we have provided to the determining authority.

The following legislation is used to assist in the assessment of planning applications:

Legislation source	Reference
National Planning Policy Framework	Paragraphs relevant to biodiversity, biodiversity net gain, ecological connectivity and protected species
Environment Act 2021	Mandatory Net Gain Biodiversity Duty Local Nature Recovery Strategy
District or Borough Local Plan and supporting SPD's	Local Plan policy
ODPM circular 06/2005: Biodiversity and Geological Conservation	Requirement for species survey work and mitigation recommendations to be carried out prior to the determination of a planning application. Paras. 98 and 99
NERC Act 2006	Biodiversity Duty (see also Environment Act 2021) Section 41, habitats and species of Principal Importance (previously BAP)
Various International, European and National laws in relation to the protection of species and habitats	International and national site protection: Ramsar sites (from Ramsar Convention), Habitat and Birds Directives (Natura 2000 sites include SAC's and SPA's), SSSI's, National Nature Reserves, Local Wildlife Sites, Local Nature Reserves. Habitats and Species protection: Habitat and Species Regulations (protected sites and species). Wildlife and Countryside Act 1981 (as amended including special Schedule 1), Natural England Standing Advice. Badger Act.
