Comments Details

Dear Matt,

Thank you for consulting the National Forest Company on the above application for the 'creation of four traveller pitches.'

Comments:

The site area exceeds the 0.5ha for residential development and accordingly results in a requirement for National Forest planting (Policy 21). Based on a site area of 0.78ha, the National Forest planting requirement is 0.16ha. Although there appears to be land (within the red or blue line) in which this tree planting could be provided, this has not been shown on the plans and there is no indication that the application is aware of this requirement in the submitted documents.

If amended plans are submitted, we will be happy to comment further.

Kind Regards
Eilish

Eilish Gardner | Green Infrastructure & Planning Officer
