Hi Jim,

Thanks for your enquiry. We would not request a bat survey for this application, as the site has no direct connectivity to suitable foraging habitat. Whilst there is always a risk that bats may be found, we would assess this as low in the instance. However, we will be recommending to the LPA that a note to applicant is applied to any permission highlighting the importance of maintaining a watching brief.

Kind Regards,

Kirsty

Kirsty,

I am about to submit a Planning Application to convert the existing loft space. To the clients knowledge there are no bats present, are you going to requested a formal bat survey? I attach a copy of the proposal along with a site location plan.

I look forward to hearing from you shortly,

Regards

Jim Huckerby TCIAT
