Comments Details

Dear Sullivan,

24/00284/OUT | Outline planning application for the erection of one self/build/custom build dwelling (all matters reserved except for access) | Land Corner Of The Green And Pipe Lane Orton On The Hill

Thank you for the submission of the Written Scheme of Investigation (WSI) for the investigation of the above site. The document proposes a satisfactory programme of archaeological work which, upon completion, will meet the requirements for the initial investigation of the development site.

Comments:

Please ensure that we are kept informed of the timetable for the archaeological investigation and any significant archaeological results. The Historic & Natural Environment Team (HNET) will, where possible or necessary, monitor the fieldwork on behalf of the planning authority. If the investigation requires significant variation to the agreed programme, please ensure prior approval has been secured from HNET prior to implementation.

Following the conclusion of the archaeological programme outlined within the WSI (fieldwork, report preparation and archiving), we will advise the planning authority accordingly.

Should you have any further queries or wish to discuss the site in more detail please do not hesitate to contact me.

Yours sincerely,

William

Kind regards
