REASON FOR RECOMMENDATION:	
• The proposed works consist of excavation to the front of the property, including the removal of the existing hedgerow. Sited adjacent to Slate Brook with good habitat connectivity to the wider agricultural fields. • This is a householder application and is therefore exempt from the statutory Biodiversity Net Gain requirement. • The proposed works do not alter the existing dwelling, therefore the impact on local ecology is minimal and we have no objection. • However, given the removal of the hedgerow and good habitat connectivity, the following informative is recommended to be attached to any permission.	
ANY RECOMMENDED CONDITIONS TO BE APPLIED:	

•
ANY RECOMMENDED INFORMATIVES TO BE APPLIED:
