<b>FURTHER INFORMATION REQUIRED:</b>		
<ul style="list-style-type: none"> <li>•</li> </ul>		

<b>AMENDMENTS RECOMMENDED:</b>
•
<b>RECOMMENDED CONDITIONS TO BE APPLIED:</b>
•
<b>RECOMMENDED INFORMATIVES TO BE APPLIED:</b>
<ul style="list-style-type: none"> <li>The property may be suitable for roosting bats, which are protected by law from harm. It is the applicant's responsibility to ensure that bat legislation is not breached, and therefore may need to consult with a licenced bat ecologist prior to commencement to ensure that bats will not be impacted by the works. The applicant should ensure that all contractors and individuals working on the property are aware of this possibility, as works must cease if bats are found during the course of the works whilst advice from a bat ecologist is obtained. Bats are particularly associated with the roof structure of buildings, including lofts, rafters, beams, gables, eaves, soffits, flashing, ridge-tile, chimneys, the under-tile area, etc. but may also be present in crevices in stone or brickwork and in cavity walls.</li> </ul>
<b>RECOMMENDED SECTION 106 REQUIREMENT</b> (standard clause, contribution amount, trigger for payment)
•
<b>DISCHARGE OF CONDITIONS ONLY:</b> (Please confirm which condition(s) is/are being discharged)
•

**Note for applicants: Please be aware that this specialist advice is provided to the Local Planning Authority through a Service Level Agreement between the Local Planning Authority and Leicestershire County Council.**

If you have any queries about this advice, please correspond directly with the Planning Officer assigned to the planning application or discharge of condition application. We are unable to respond directly to applicant enquiries regarding the advice that we have provided as part of this service.

**The following legislation is used to assist in the assessment of planning applications:**

Legislation source	Reference
National Planning Policy Framework	Paragraphs relevant to biodiversity, biodiversity net gain, ecological connectivity and protected species
Environment Act 2021	Mandatory Net Gain Biodiversity Duty Local Nature Recovery Strategy
District or Borough Local Plan and supporting SPD's	Local Plan policy
ODPM circular 06/2005: Biodiversity and Geological Conservation	Requirement for species survey work and mitigation recommendations to be carried out prior to the determination of a planning application. Paras. 98 and 99
NERC Act 2006	Biodiversity Duty (see also Environment Act 2021) Section 41, habitats and species of Principal Importance (previously BAP)
Various International, European and National laws in relation to the protection of species and habitats	International and national site protection: Ramsar sites (from Ramsar Convention), Habitat and Birds Directives (Natura 2000 sites include SAC's and SPA's), SSSI's, National Nature Reserves, Local Wildlife Sites, Local Nature Reserves. Habitats and Species protection: Habitat and Species Regulations (protected sites and species). Wildlife and Countryside Act 1981 (as

	amended including special Schedule 1), Natural England Standing Advice. Badger Act.
