Permission was granted on 10 February 2023 for: '*Construction of 7MW solar array and associated works*'.

Condition 4 attached to 22/00941/FUL, requires a programme of archaeological work to be secured and implemented, in accordance with a Written Scheme of Investigation prior to the commencement of development.

On 09 June 2023, details submitted pursuant to Condition 4 of 22/00941/FUL and it was confirmed that these details were acceptable and Part 1 of Condition 4 is partially discharged, subject to the scheme being carried out strictly with the full terms of the condition.

Further to the initial discharge of Condition 4, Part 1, further discussion has taken place between Leicestershire County Council and University of Leicester Archaeological Service and a revised WSI has been produced and agreed. Accordingly, we are now formally submitting this to regularise the position.
