

Substantive response of the Local Highway Authority to a planning consultation received under The Development Management Order.

Response provided under the delegated authority of the Director of Environment & Transport.

APPLICATION DETAILS

Planning Application Number: 26/00235/OUT

Highway Reference Number: 2026/0235/04/H/FSA

Application Address: Land To Rear Of 121 Station Road Bagworth Coalville Leicestershire LE67 1BJ

Description of Application: Outline planning permission for the erection of a new dwelling (all matters reserved)

GENERAL DETAILS

Planning Case Officer: Ashleigh Gade

Substantive Response provided in accordance with article 22(5) of The Town and Country Planning (Development Management Procedure) (England) Order 2015:

The Local Highway Authority refers the Local Planning Authority to current standing advice provided by the Local Highway Authority dated September 2011.

The Local Highway Authority (LHA) notes that Public Right of Way (PRoW) Q85 runs adjacent to the site along the northern boundary as demonstrated below.

The Applicant should ensure that no vehicles associated with the site during either construction or occupation park within the area where the legal line of PRoW Q85 runs.

Informatives

If Planning Permission is granted, the following notes should be drawn to the applicant's attention:

- Prior to construction, measures should be taken to ensure that users of the Public Right of Way are not exposed to any elements of danger associated with construction works.
- Public Rights of Way must not be re-routed, encroached upon, or obstructed in any way without authorisation. To do so may constitute an offence under the Highways Act 1980.
- If there are any Public Rights of Way which the applicant considers impracticable to retain on their existing lines, a separate application for diversion is required. It should be submitted under the Town and Country Planning Act 1990 to the Local Planning Authority. The applicant is not entitled to carry out any works directly affecting the legal line of a Public Right of Way until a Diversion Order has been confirmed and become operative.
- If the developer requires a Right of Way to be temporarily diverted, for a period of up to six months, to enable construction works to take place, an application should be made to networkmanagement@leics.gov.uk at least 12 weeks before the temporary diversion is required.
- Public Rights of Way must not be further enclosed in any way without undertaking discussions with the Highway Authority (0116) 305 0001.
- Any damage caused to the surface of a Public Right of Way, which is directly attributable to the works associated with the development, will be the responsibility of the applicant to repair at their own expense to the satisfaction of the Highway Authority.
- No new gates, stiles, fences, or other structures affecting a Public Right of Way, of either a temporary or permanent nature, should be installed without the written consent of the Highway Authority. Unless a structure is authorised, it constitutes an unlawful obstruction of a Public Right of Way, and the County Council may be obliged to require its immediate removal.
