

This architectural floor plan shows a building layout with a central corridor. On the left side, there is a large rectangular room with a double door at the top and a single door at the bottom. To the right of this room is a smaller room with a single door. Further right is a large room with a double door at the top and a single door at the bottom. To the right of this room is a smaller room with a single door. At the bottom right, there is a small square room with a single door. The central corridor runs vertically through the middle of the plan, with a door at the top and a door at the bottom. The right side of the plan shows a long, narrow corridor or hallway with a door at the top and a door at the bottom. The entire plan is enclosed in a rectangular border.

A horizontal line representing an array. Five small squares are placed along the line, representing elements. The line continues to the right, ending at a vertical line segment labeled "Boundary".
