Details of the pre-application advice received

The pre-application proposal involves the change of use of 46 Castle Street from Class E(a) retail to mixed use Class E(a) retail and Class C3(a) dwelling houses. The development would involve the creation of three first floor flats from existing retail storage space and a proposed first floor rear extension. The pre-application site is located within the Hinckley town centre conservation area. By virtue of its location in the Hinckley settlement boundary, development in principle would be acceptable on the site in accordance with Policy DM1 of the SADMP. The Council's housing policies are out of date as such a tilted balance in favour of development is engaged. A future planning application would therefore need to be assessed against paragraph 11(d) of the Framework. A planning application would need to sufficiently demonstrate that the proposed change of use would satisfy heritage policies and would have benefits which clearly outweigh any harm caused when assessed against all other relevant policies. It is advised that the applicant provide a planning statement justifying the partial loss of retail floor space and the need for 1 bedroom dwellings in this location. Subject to elevation drawings which detail appropriate form, design and finish as per the recommendation in this response, the proposed development has the potential to satisfy Policy 1 of the Core Strategy, Policy 4 of the Hinckley Town Centre AAP, Policy DM10, DM11, DM12 and DM22 of the SADMP, Section 72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 and the overarching principles of the NPPF in this regard. Notwithstanding, the proposal in its indicative form would unlikely be looked upon favourably at the planning application stage by virtue of a lack of natural light to habitable rooms which would have a significant adverse impact upon amenity of future occupants. Providing poor amenity would demonstrate a failure to satisfy Policy DM10 of the SADMP in this regard. Detail of matters in relation to highways, noise and waste collection/storage have not been provided in this pre-app by the applicant and therefore it is unclear whether any issues would arise from these matters at this stage.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
