Reasons for comment:	
Comments:	Thank-you for the opportunity to comment on this application. The Battlefields Trust notes the proposed development appears to be within the registered area of the nationally important battlefield of Bosworth (1485). There does not seem to have been an assessment of the significance of the battlefield site in respect of this application as required by the National Planning Policy Framework (NPPF) paragraph 200. Without this the Trust is uncertain how you as the planning authority will be able to discharge your responsibilities under paragraph 201 of the NPPF and recommends that this application is placed on hold until a suitable statement of significance is provided by the applicant. Once this statement of significance has been provided you should be able to weigh the public benefits of the proposed development with the harm to the heritage, which will be less than

substantial given the scale of what is proposed.

Kind regards
