Dear Rob

Re: Application Reference 08/00928/FUL
Manor House, Manor Lane, Peckleton – Discharge of Planning Condition 9

Further to your letter dated 18th October 2011 regarding the discharge of Condition 9, I can confirm that this autumn a new quick-thorn hedge will be planted alongside the post and rail fence at the junction of Manor Lane and Main Street as the young plants that were planted back in April this year have unfortunately died.

With regard to additional planting, please find enclosed a plan showing the location of a quick-thorn hedge which will run north to south across the field which is located to the west of the farm buildings. A bund has also been installed along the northern boundary of the farm buildings and will be planted with Silver Birch.

Any whips which fail will be replanted in the next growing season and spot weed spraying will be undertaken until the hedges are established.

I trust the above information is sufficient to enable Condition 9 to be discharged.

Yours sincerely

Victoria
