Subject: 11/00572/FUL AND 11/00573/CON

DEAR SIRS

Further to a conversation this afternoon with a member of the planning admin team regarding the booking in of the above applications I understand that additional information is required to enable the applications to be registered.

I therefore attach the following drawings:

020.PD.04 Existing North Elevation
020.PD.05 Existing Building Plan
020.PD.11A Proposed Landscaping Plan (illustrating the retention of the sycamore previously proposed to be cut down - as agreed with Richard Wright)
020.PD.15 Proposed Elevations (North)

I understand that you have today posted a unilateral undertaking form to be signed with respect to Public Open Space commuted charges. I will sign and return the form as soon as I receive it.

If you require any further information then please do not hesitate to let me know.

Thank You

SEAN
