Eligibility

This permitted development right was amended on 1 August 2021 to no longer include changes of use to those previously classified as 'assembly and leisure' that are not now included in Use Class E (commercial/business/service).

If your proposed change of use is to a Hotel, Storage and Distribution, or Use Class E (e.g. shops; financial/professional services; restaurants and cafes; offices; business; indoor sport, recreation, or fitness) then this type of application is still valid for eligible proposals.

If your proposed change of use is to a Local Community or Sui Generis use previously classified as 'assembly and leisure' (e.g. cinemas; concert halls; bingo halls; or dance halls) then:

- You should not continue with this application after the end of July 2022 as it will be refused by the Local Authority and you may not be eligible for a refund.
- This is no longer considered to be permitted development. Proposals remained eligible if applications of this type were submitted before the end of July 2022, but after that point an application for 'Full planning permission' will be required.

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible. The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right.

Description of Proposed Works, Impacts and Risks

Please describe the proposed development:

Change of use of agricultural building to B8 storage use

The proposal is to convert a former covered manure store and agricultural storage building associated with the applicants poultry egg production farm.

The applicant is to cease egg production in 2024 as a result of regulation change and therefore the buildings are to become redundant

Please provide details of any transport and highways impacts and how these will be mitigated:

Access will be via an existing gated access off Thornton Lane as shown on the submitted plans. The proposed use will comprise low level storage and will be significantly less than the historic vehicular movements associated with an existing large scale egg production unit.

Please provide details of any noise impacts and how these will be mitigated:

None - improvement on current poultry egg production unit

Please provide details of any contamination risks and how these will be mitigated:

Not applicable

Please provide details of any flooding risks and how these will be mitigated.

A flood risk assessment should accompany the application where the site:

- is in Flood Zones 2 or 3; or
 - is in an area with critical drainage problems (such areas will have been notified to the Local Planning Authority by the Environment Agency).
- [Check if your site location is in Flood Zone 2 or 3 online.](#)

Check with your Local Planning Authority to see if your site is in an area with critical drainage problems.
