Dear Mr Wood

HINCKLEY – LOWER BOND STREET, PROPOSED SUSPENSION OF LIMITED WAITING INTRODUCTION OF REGULATORY BUS STANDS. (EXPERIMENTAL TRAFFIC REGULATION ORDER)

As you will be aware, Hinckley and Bosworth Borough Council have requested that two Bus Stands be provided to service the collection and delivery of students to the new building.

It is intended to provide these facilities on an Experimental basis to monitor the use of the Bus Stands and the effectiveness of the Travel Plan for a few months after the opening of the College in September 2011. This period will also allow for members of the public to register objections and to establish whether a permanent Order is appropriate at this location. Local County Council member's approval is being sort to advertise a Traffic Regulation Order on an experimental basis.

Please find enclosed a copy of plan number TM3883/1/2011 showing the extent of the scheme. Once the scheme is implemented you are able to comment during the six month period allowed for this type of Order.

The Ordnance Survey plan attached is for reference purposes only. No further copies can be made nor can they be reproduced for inclusion in reports, publications, leaflets, newsletters or newspapers (this includes local and national newspapers).

Yours sincerely,

Robert Kane - Assistant Engineer
