Subject: RE: EA REF LT/2009/108131/01-L01 Broomhills Farm

Dear Geoff,

Further to our conversation this morning and my email below, I can confirm that it is in fact a personal treatment plant that is proposed to be installed at Broomhills Farm rather than a septic tank system as I have mistakenly indicated in the text of my email.

I trust this formally clarifies matters, please can you confirm that your objection to the scheme can now be lifted following the submission of this information?

I look forward to hearing from you regarding this matter; should you require any further information please contact me, many thanks.

Regards

Subject: EA REF LT/2009/108131/01-L01 Broomhills Farm

Dear Geoff/Richard

Please find enclosed details in respect of proposed septic tank for dealing with foul sewage provision in connection with the above proposal at Broomhills Farm. The existing farm already has one septic tank in operation and the proposal would use similar means to process waste from the scheme, as indicated in the enclosed attachments.

I trust this overcomes the Environment Agencies concerns in respect of the application. Please can you acknowledge safe receipt of this email, if you require any further information please contact me, many thanks.

Regards
