The Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) - Schedule 2, Part 14, Class J

The Design & Access Statement (DAS) states the following:

3.1. There will be no alterations made to any existing public or private highways.

3.2. No new public or private highways are being proposed.

Given these are roof mounted solar panels there would be no loss of off-street car parking spaces. Given the above there would appear to be no material impact on the public highway and therefore the Local Highway Authority has no comments to make.
