Details of Application:

Application Ref: 25/00023/DISCON
Proposal: Application to discharge conditions 6 (Archaeology) and 13 (Sustainable Surface Water Drainage System Scheme) attached to planning permission 23/00851/OUT
Location: Hinckley And District General Hospital Mount Road Hinckley LE10 1AE

The details submitted with the following conditions are acceptable and the conditions are hereby discharged.

Condition 6

No development shall take place/commence until the necessary programme of archaeological work has been completed. The programme will commence with an initial phase of trial trenching to inform a final archaeological mitigation scheme. Each stage will be completed in accordance with a written scheme of investigation (WSI), which has been [submitted to and] approved by the local planning authority in writing. For land that is included within the WSI, no development shall take place other than in accordance with the agreed mitigation WSI, which shall include the statement of significance and research objectives, and

- o The programme and methodology of site investigation and recording and the nomination of a competent person(s) or organisation to undertake the agreed works
- o The programme for post-investigation assessment and subsequent analysis, publication & dissemination and deposition of resulting material. This part of the condition shall not be discharged until these elements have been fulfilled in accordance with the programme set out in the WSI.
