5. Publicity

- 5.1. The application is a non-material amendment and as such no site notice or public consultation has been undertaken.
- 5.2. No public comments have been received.

6. Consultation

- 6.1. No consultation is required for a non-material amendment.

7. Policy

- 7.1. Greater Flexibility for Planning Permissions Guidance (non-material amendments) states that the local planning authority must have regard to the effect of the change, together with any previous changes made under this section.
- 7.2. Since the original planning permission was issued there have been no significant changes to the policies within the development plan that would be material to the outcome of the assessment of the application in this case.

8. Appraisal

- 8.1. Key Issues
 - Assessment
 - Conditions

Assessment

- 8.2 Section 96A of the Town and Country Planning Act 1990 allows a non-material amendment to be made to an existing planning permission. There is no statutory definition of 'non-material'; this is because it is so dependent on the context of the

overall scheme. That which may be non-material in one context may be material in another. It is for the Local Planning Authority to be satisfied that the amendment sought is non-material in order to grant an application under S96A.

8.3 The substitution of house types are proposed as follows:

Plot Number	Existing house type	Proposed house type
261	Wollaton	Wollaton
262	Henley	Harwood
263	Henley	Henley
264	Wilton	Morris
265	Morris	Wilton
266	Wollaton	Wollaton

8.4 The changes from the originally approved plans (outline and reserved matters plans and conditions) have been outlined below. The compliance with the S106 is also assessed and whether the changes proposed are considered to be material changes to the development.

Changes to permitted scheme

The only change to the Site Plan is the footprints of the dwelling houses (Plot numbers 262, 264, and 265) due to the house types being changed.

Plot 262 – Henley to Harwood House Type

- Removal of front gable
- Alteration of proportions of fenestration details
- Increase to footprint width
- Alteration to roof form

Plot 264 – Wilton to Morris House Type

- Addition of front dormer window
- Alteration to roof form
- Alteration of proportions of fenestration details
- Alteration to footprint

Plot 265 – Morris to Wilton House Type

- Removal of front dormer window
- Alteration of roof form
- Alteration of proportions of fenestration details
- Alteration to footprint

Officer comments

The footprints of the dwellings have only altered slightly and are not any closer to adjacent neighbouring properties. Non-material change within the scale of the development.

It is considered that the house types are similar and that the changes would be non-material.

It is considered that the house types are similar and that the changes would be non-material.

It is considered that the house types are similar and that the changes would be non-material.

8.5 The amended house types are considered to comply with the street type and character area they are located within, as shown on the Character Areas Plan and detailed within the Design and Access Statement approved at outline stage. The changes are overall considered to be non-material.

Conditions and compliance with S106

8.6 Under Section 96A of the Town and Country Planning Act 1990 any decision issued should only relate to the non-material amendments sought and is not a re-issue of the original planning permission, which still stands. Under section 96A(3) the LPA may impose new conditions or remove or alter existing conditions.

8.7 The decision notice for 21/01262/REM was subject to 9 conditions, and no additional conditions are necessary to impose in light of the amendments as this application cannot grant further planning permission.

9. Equality implications

9.1 Section 149 of the Equality Act 2010 created the public sector equality duty. Section 149 states:-

- (1) A public authority must, in the exercise of its functions, have due regard to the need to:
 - (a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;
 - (b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
 - (c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

9.2 Officers have taken this into account and given due regard to this statutory duty, and the matters specified in Section 149 of the Equality Act 2010 in the determination of this application.

9.3 There are no known equality implications arising directly from this development.

9.4 The decision has been taken having regard to all relevant planning legislation, regulations, guidance, circulars and Council policies, including General Data Protection Regulations (2018) and The Human Rights Act (1998) (HRA 1998) which makes it unlawful for the Council to act incompatibly with Convention rights, specifically Article 6 (right to a fair hearing); Article 8 (right to respect for private and family life); Article 1 of the First Protocol (protection of property) and Article 14 (prohibition of discrimination).

10. Conclusion

10.1. The proposed amendments to the site layout and house types would not result in any material impacts on the approved development and would respect the character and appearance of the wider site and surrounding area. The amended scheme would remain in accordance with Core Strategy Policies 1, 5, 15, 16, 19 and 24 and Policies SA2, DM1, DM3, DM6, DM7, DM10, DM11, DM12, DM13, DM17 and DM18 of the SADMP, and the overarching intentions of the NPPF and is therefore recommended for approval subject to the amendment of condition 1 of reserved matters approval 21/01262/REM. No new conditions are necessary.

11. Recommendation

11.1 **Approve the Non-Material Amendment** subject to:

- The amended planning condition 1 of 21/01262/REM at the end of this report.

11.2 Conditions and Reasons

1. The development hereby permitted shall not be carried out otherwise than in complete accordance with the submitted application details, as follows:

- Drawing schedule, submitted 26th July 2023

Reason: To ensure a satisfactory form of development in accordance with Policies DM1 and DM10 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016).
