National Grid Reference: SK 44500 03756

Listed Building Consent application **PP-15197115**

Replacement of French doors and Coach house window.

Design

The proposed works are replacement for a set of French doors and a window. The small alterations are intended to bring the doors and window closer to the likely original style given the period of construction of the house.

Access statement

The replacement doors and windows will have the same accessibility by prospective users as the current doors and windows which they replace.
