Subject: Great Meeting House, Hinckley

Dear Barry,
Further to our telephone conversation, I am unclear about the impact of this proposed scheme and whether the most sympathetic means of installing a lift has been chosen. The impact of the lift upon the building is unclear- primarily, what will be lost to facilitate the lift? There are no clear illustrations of this included in the application. Clearly the Great Meeting House is a significant building and although the principle of improved access to allow use of the first floor School Room is welcomed, there is a need to ensure that this is appropriate and the loss of any historic fabric justified. I shall attempt to visit the building early next week. I am aware that you will be working with the applicants to ensure an acceptable scheme and we do not wish to cause any delay. I will call you once I have arranged to visit the site to see how the plans are progressing.
Kind regards
Lucy Griffin (Assistant Planning Archaeologist)
