Hi Matt,

Thank you for consulting us on this application. The site area is below the threshold where policy would require National Forest planting to be included.

It is noted that the scheme includes an area of scrub planting with standard trees. The details on the Detailed Landscaping Proposals Plan look broadly acceptable although I cannot see any details of the tree species for T1 and T2. Should the application be approved these details should be agreed through the Reserved Matters application with the landscaping condition requiring implementation prior to occupation.

Please let me know if you require anything further.

Many thanks
Phil
