Subject: P-240126-42755 - RE: Planning Application Consultation for Severn Trent Water Ltd ref 24/00068/FUL

ST Classification: OFFICIAL PERSONAL

For the attention of Case Officer

Our Ref: P-240126-42755

Good Morning,

Re Application: 24/00068/FUL

Re Site: 9 Stafford Street Barwell Leicester Leicestershire LE9 8HF

With reference to the above planning application the Company's observations regarding sewerage are as follows.

Planning Practice Guidance and section H of the Building Regulations 2010 detail surface water disposal hierarchy. The disposal of surface water by means of soakaways should be considered as the primary method. If this is not practical and there is no watercourse is available as an alternative, other sustainable methods should also be explored. If these are found unsuitable, satisfactory evidence will need to be submitted before a discharge to the public sewerage system is considered. Severn Trent objects to any proposal to dispose of surface water to a combined or foul sewer.

Please note for the use or reuse of sewer connections either direct or indirect to the public sewerage system the applicant will be required to make a formal application to the Company under Section 106 of the Water Industry Act 1991. They may obtain copies of our current guidance notes and application form from either our website (<http://www.stwater.co.uk/>) or by contacting our Developer Services Team (Tel: 0800 707 6600).

Suggested Informative:

Severn Trent Water advise that although our statutory sewer records do not show any public sewers within the area you have specified, there may be sewers that have been recently adopted under, The Transfer Of Sewer Regulations 2011. Public sewers have statutory protection and may not be built close to, directly over, or be diverted without consent and you are advised to contact Severn Trent Water to discuss your proposals. Severn Trent will seek to assist you obtaining a solution which protects both the public sewer and the building.

This response only relates to the public wastewater network and does not include representation from other areas of Severn Trent Water, such as the provision of water supply or the protection of drinking water quality.

Should you require any further information please contact us on email below.

Kind regards,
Asset Protection Team
