Comments Details

Comments: The market Bosworth recognises that not every tree can be retained and that some trees will need to be removed for many reasons. Whilst we are saddened to lose yet another Ash tree it is inevitable in this case. Generally we agree with the application and therefore offer our support for th work. We would like to stress however that within the Conservation Area it should be standard practise to replace a felled tree. Whilst a Preservation Order would require a similar sized tree and species we believe that for each tree felled a new tree should be planted. The new tree need not be in the same location but if Market Bosworth is to retain its status as an open wooded hilltop setllelement the reduction to the number of trees must be halted or preferably reversed. Market Bosworth enjoys a green canopy and that should be protected and supported.

Whilst supporting this work we do ask that the trees felled are replaced.

Kind regards
