Comments:

Having reviewed the submitted trial trenching report (ULAS Report Ref.: 2024-036), I can confirm that no additional archaeological involvement will be required. I note the report includes a commitment to OASIS reporting with the Archaeological Data Service (ADS) and an accession number for the Leicestershire Museums Service (LMS). The latter is supported by a description of the archive content and a note stating the intention to deposit the digital archive (LMS/ADS) in accordance with professional standards. These provisions are in accordance with the planning requirements and the approved Written Scheme of Investigation.

Kind Regards,

William

Kind regards
