### Comments Details

Comments:

I have viewed the plans to consider the implications for the recycling & refuse collections.

Please note, the collection point for domestic recycling, garden waste and refuse is from the adopted highway boundary.

Please ensure there is adequate space on the property to store the waste containers and also space at the kerbside (where the property meets the public highway) for the placement of the containers on collection day.

We do not travel along or collect from private roads or driveways.

It would be advisable to include an area near to the roadside for safe placement of the various containers on collection day.

It will be the responsibility of the occupier to ensure that all containers/wheeled bins will be brought to the collection point.

Thank you

---

Kind regards
