F.A.O. Robert Morgan

Following our recent application for a lawful development certificate for a proposed use in respect of the above development, please find attached a copy of the amended plans. You will note that the roof pitch to the gable projection has been reduced, which in turn has reduced the height of ridge on the request of our client the homeowner. If I could request you supersede the original application drawing 11.319.02 with the attached drawing 11.319.02 Revision A.

If I can be of further assistance, please do not hesitate to call.

Kind Regards

Paul Day
