Householder Planning Application at 1, Mallard Drive, Hinckley, LE10 0GN

Dear Sir / Madam,

The following points are part of the above application & it is requested they be considered:

Relevant Policies

National Planning Policy Framework:

- 2. Achieving sustainable development
- 5. Delivering a sufficient supply of homes
- 6. Building a strong, competitive economy
- 8. Promoting healthy and safe communities
- 9. Promoting sustainable transport
- 11. Making effective use of land
- 12. Achieving well-designed places
- 14. Meeting the challenge of climate change, flooding, and coastal change

Local:

Good Design Guide

- Part 5: Key aim, Garden proportions
- Part 5: Extensions: to rear

Planning History

Reference: 05/01143/FUL

Proposal: ERECTION OF CONSERVATORY

Status: Permitted

Decision Issued Date: Thu 17 Nov 2005

Summary

1). Visual Impact & Screening of the site The proposed changes are to the rear of the property. The proposals will not be visible from the public road, please see accompanying drawing 0395 (A) GA 003 - Site Plan. The proposed extension will be constructed from brick & block walls with insulated cavities. The existing site has a reasonably flat level, as shown on drawing 0395 (A) GA 001 - Location Plan, it is not expected that the levels of the site will need to change to allow construction. There are additional doors & windows on elevations that face other properties, as described here:

East elevation (Rear) - 1 new window & 1 glazed door set at Ground Floor level. 2 new windows at First Floor level.

There are currently windows & doors on these elevations, so neighbouring properties privacy will not be affected.

2). Surface Water Drainage The proposals will feed into the existing surface water drains. It is not anticipated that the proposal will increase the volume of rainwater runoff.

3). Highways considerations The proposals will not affect the affect the volume of traffic on the adjacent roads infrastructure.

4). Sustainability The materials chosen for the construction are to be energy efficient using insulation to extension walls & utilising high efficiency double glazed doors & windows, so as to have as low an environmental impact as possible.

5). Amenity The proposal is to allow extra internal social & storage space for the applicant & family.

I trust this planning letter & the submitted drawings will furnish the required information. However should you need any further information, please feel free to get in touch.

Yours faithfully,

Barnaby Robinson
