Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

Replacement of three sash windows, on the upper floor of the front elevation of the house, with three casement windows. This will match the three casement windows on the ground floor of the house.

The aim is to restore the look of the house back to how it used to be one hundred years ago. There is a historical precedent for the casement windows.

Details of the pre-application advice received

The conservation officer for Hinckley and Bosworth provided help and advice prior to submission.

We corresponded via email over several months, starting last summer. He was very encouraging and said we had a strong case for our proposed alterations to the listed building being approved.

He indicated that an application for listed building consent would be needed for the replacement windows. He noted that there was clear historic precedent for the casement style, so subject to an appropriate specification for the replacement windows, an application to alter the windows would be likely to be successful.

It was also recommended to 'avoid the use of trickle vents fitted to the new window frames. If such means of additional ventilation is required, please can they be provided by alternative methods, such as through the frame itself'.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
☒ No

Ownership Certificates

Certificates under Regulation 6 - Planning (Listed Buildings and Conservation Areas) Regulations 1990

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.
