Comments

Submission Type:
Customer wishes to comment on the Planning Application.

Comments:
Note to applicant:

All birds, their nests and eggs are protected by the Wildlife and Countryside Act. We recommend that work to trees / hedgerow is done outside the bird-nesting season - i.e. between the end of August and beginning March. If work to the tree is to be undertaken during the bird breeding season, we recommend that a suitably qualified ecologist surveys the tree / hedgerow for nesting birds. If nesting birds are present, work must be postponed until the young have left the nest
