

Delegated Report

Planning Ref: 24/00519/TPO
Applicant: Geoffrey Bingham
Ward: Ambien

Hinckley & Bosworth
Borough Council

Site: Grove House 3 Manor View Sibson

Proposal: T1 - Ash Tree - To lift the crown to approx. 5 metres from ground level.

1. Recommendations

1.1. Grant consent subject to:

- Planning conditions outlined at the end of this report

2. Planning application description

- 2.1. The application seeks consent to conduct a crown lift to Ash tree (T1) by approximately 5.00 metres from ground level at Grove House, 3 Manor View, Sibson.

3. Description of the site and surrounding area

- 3.1. The application site relates to a two-storey detached dwelling situated within a cul-de sac, within the settlement boundary and conservation area of Sibson. The application dwelling comprises the use of red brick to the walls, brown tiles to the roof and cream uPVC to the windows. To the east of the application dwelling sits a generous area of block paved hardstanding and a detached pitched double garage suitable to host up to five off-street parking spaces.
- 3.2. Manor View consists of four residential dwellings all of a similar design, scale and finish. The dwellings are modern but individual high quality, sympathetically designed two storey detached dwellings with a wealth of traditional/period architectural detailing. To the rear boundary of the site are a number of large scale agricultural buildings of steel frame and corrugated metal sheet construction.
- 3.3. The Ash tree (T1) is situated to the rear of the application site and abuts the north-west corner of the amenity space to the rear. The tree is protected by the BOROUGH COUNCIL OF HINCKLEY AND BOSWORTH (SIBSON (SIBSON MANOR, SHEEPY ROAD) TREE PRESERVATION ORDER 1990 (Ref; 90/00010/TPORD).

6. Consultation

- 6.1. Sheepy Parish Council:

“NEUTRAL

Please note, this response is based on documents available on HBBC Planning Portal as at 26th May 2024. Please ensure that Sheepy Parish Council is notified and consulted on any changes to this application post this date to maintain full compliance with the Sheepy Parish Neighbourhood Plan made May 2022.

Sheepy Parish Council has reviewed the above application 24/00519/TPO - (3 Manor View Sibson, T1 - Ash Tree - To lift the crown to approx 5 metres from ground level.) and it appears to be in line with the policies, which should be considered collectively, in the Sheepy Parish Neighbourhood Plan made May 2022.

Sheepy Parish Council is cognisant of the previous five applications, beginning in February 2003, regarding work to a TPO at this property.

Furthermore, Sheepy Parish Council would like to draw attention to the incorrect information supplied by the applicant stating that the ‘work(s) to trees is NOT IN A CONSERVATION AREA. (HBBC Reference – 24/00519/TPO - Application Form – 22 May 2024)”

6.2. HBBC Conservation Officer:

- No objections have been received.

- Planning Practice Guidance (PPG)

7.5. Other relevant guidance

- Good Design Guide (2020)
- National Design Guide (2019)

8. Appraisal

8.1. Key Issues

- Impact upon the amenity of the area
- Whether the application is justified

Impact upon the amenity of the area

8.2 Policy DM10 of the SADMP requires that consideration be given to the impact of the proposal on amenity and the character of the surrounding area. The Ash tree (T1) is subject to a group tree preservation order and are therefore considered to have a high level of amenity value.

8.3 Policy DM11 of the SADMP requires that the Borough Council protect, conserve and enhance the historic environment throughout the borough.

8.4 Policy DM12 of the SADMP requires that development proposals should ensure the significance of a conservation area is preserved and enhanced through the consideration and inclusion of important features

8.5 Paragraph 136 of the National Planning Policy Framework (NPPF) (2023) seeks to ensure that existing trees that make an important contribution to the character and quality of urban environments are retained wherever possible.

8.6 The Ash tree (T1) is situated to the rear of the application site and abuts the north-west corner of the amenity space to the rear. The tree is predominantly screened by the application dwelling and therefore public visibility of the tree from Manor View is very limited.

- 8.7 The Local Planning Authority have assessed the proposed works and can conclude that the works will not have an adverse impact upon the amenity of the area. The proposed works will not result in the damage or loss of a protected tree and therefore will preserve the amenity of the conservation area.
- 8.8 The Local Planning Authority therefore deems the amended proposed works as suitable as long as carried out in accordance with BS 3998:2010.

Whether the application is justified

- 8.9 The works as proposed to the Ash tree (T1) have been assessed by the Local Planning Authority and are considered to be justified. The proposed works are required for general maintenance and to allow more light into the rear amenity space.
- 8.10 By virtue of the above it is not considered that the work would have a significant impact upon public amenity and is therefore acceptable.

9. Equality implications

- 9.1 Section 149 of the Equality Act 2010 created the public sector equality duty. Section 149 states:-
- (1) A public authority must, in the exercise of its functions, have due regard to the need to:
 - (a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;
 - (b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
 - (c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it.
- 9.2 Officers have taken this into account and given due regard to this statutory duty, and the matters specified in Section 149 of the Equality Act 2010 in the determination of this application.
- 9.3 There are no known equality implications arising directly from this development.

10. Conclusion

- 10.1. In conclusion the proposed works to the Ash tree (T1) are considered to be acceptable. The Local Planning Authority is satisfied that the proposed works to the trees are necessary and that the works will ensure that amenity of the area is retained. The proposal is in accordance with policy DM10 of the SADMP, policy S7 of the Sheepy Neighbourhood Plan and paragraph 136 of the NPPF. As a result, the application should be approved with conditions set out below.

11. Recommendation

- 11.1 **Grant consent** subject to:
- Planning conditions outlined at the end of this report
- 11.2 **Conditions and Reasons**

1. The approved works shall only be carried out in accordance with British Standards Recommendations for Tree work - BS 3998:2010.

Reason: To ensure that the works are carried out in a way that safeguards the health and amenity of the tree in accordance with Policy DM10 of the Site Allocations and Development Management Policies DPD, paragraph 136 of the NPPF and policy S7 of the Sheepy Neighbourhood Plan.

2. The works to which this consent relates shall be completed within two years from the date of this consent.

Reason: In accordance with the provisions of the Town and Country Planning (Tree Preservation) Regulations 2012.

3. The proposed works to the Ash tree (T1) shall be restricted to the crown lift to approximately 5 metres from ground level only.

Reason: To ensure that the works are carried out in a way that safeguards the health and amenity of the trees in accordance with Policy DM10 of the Site Allocations and Development Management Policies DPD, paragraph 136 of the NPPF and policy S7 of the Sheepy Neighbourhood Plan.

11.3 Notes to applicant

- a) It is a criminal offence to damage or destroy a bat roost. Therefore, if the tree is mature and has hollow cavities and / or is covered with ivy, or has suitable places in which bats might roost, we recommend that it be surveyed for bats before any work is carried out to the tree. All birds, their nests and eggs are protected by the Wildlife and Countryside Act. We recommend that work to trees is done outside the bird-nesting season - i.e between the end of August and beginning March. If work to the tree is to be undertaken during the bird breeding season, we recommend that a suitably qualified ecologist surveys the tree for nesting birds. If nesting birds are present, work must be postponed until the young have left the nest.
- b) You are advised that the consent is valid for a period of two years commencing from the date permission is granted, the works for this consent may only be carried out once unless stated otherwise by condition.
- c) It is necessary, when carrying out works to tree(s) to be aware of the WILDLIFE AND COUNTRYSIDE ACT, 1981, whereby it is an offence for any person who intentionally takes, damages or destroys the nest of any wild bird, while the nest is in use or being built, or takes or destroys any eggs of such wild bird. The times when birds are nesting is generally between the months of March to September inclusive
