Enhancements shall include (but is not limited to) at least one woodcrete/integrated bat box. Any enhancement measures need to be shown on all relevant submitted plans, including the make/model and their locations. All works are to proceed strictly in accordance with the approved scheme.</i> - The submitted plans show the location of the bat box, including the model type, alongside the addition of native planting and a bug hotel. - The proposed bat box is located close to the eaves which provides a sheltered roosting location at height and is therefore considered suitable.
