Our ref: NX/INF/LOC/1408.70 MW
Planning Application Number: 10/00357/FUL - Extensions and alterations to dwelling - 1 The Courtyard, Higham Lane, STOKE GOLDING, Nuneaton, Leicestershire

Thank you for your enquiry of the 10th of June 2010 regarding the above planning application.

The ecology report (Gibney - May 2010) submitted in support of this application is satisfactory. No protected species or ecological features of note were identified, and no further action is required.

Our maps show that the application will have no impact on any designated sites of ecological importance

We hope that our comments and recommendations will be of use to you.

Yours faithfully,

Mark Walton
Planning Ecologist
Historic and Natural Environment Team

Please note: Our information and recommendations result from our best knowledge of the site to date. It may change if further information is discovered. It remains the responsibility of the applicant to ensure that no protected species or their habitat is damaged during the works. The best method of achieving this is for a suitably experienced and licensed ecologist to conduct a full survey for protected species at the appropriate time of year in appropriate weather conditions. For instance, if there is a pond/water body within 500m of the site a survey for great crested newts will be required.
