Comments Details

Please note, the collection point for domestic recycling, garden waste and refuse is from the adopted highway boundary.

Please ensure there is adequate space on the properties to store the waste containers and also space at the kerbside (where the property meets the public highway) for the placement of the containers on collection day.

Comments: We do not travel along or collect from private driveways.

No development shall take place until a scheme makes adequate provision for waste and recycling storage of containers and collection across the site which has been submitted to and approved in writing to the Local Planning authority. The details should address accessibility to storage facilities and confirm adequate space is provided at the adopted highway boundary to store and service wheeled containers.

Kind regards
