

Key

- Application site boundary
- Other land under control of applicant
- Existing Public Right of Way within the site boundary
- Existing Public Right of Way outside the site boundary
- Proposed access/egress for all modes
- Proposed residential development (including streets, footpaths, private drives, incidental open space, children's play and other associated infrastructure)
- Proposed open space (including open space, landscaping, footpaths, drainage, and other associated infrastructure)
- Proposed structural landscaping connecting existing vegetation (subject to detailed design)
- Approximate location of proposed countryside connection with retained visual link
- Approximate location of proposed countryside connection with retained visual link and indicative route for proposed retained farm access

All boundaries are subject to a lateral tolerance of +/- 10m within application boundary, subject to site constraints.
