Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

Change of Use from Dwellinghouse (Use Class C3) to Health and Wellbeing Clinic (Use Class E(e))

This application seeks full planning permission for the change of use of an existing two-storey detached dwelling to a health and wellbeing clinic (Use Class E(e)), together with minor internal alterations and limited external changes to the entrance doors.

The proposal does not involve extensions, increases in building footprint, or significant changes to the external appearance of the property. The existing vehicular access is retained, and off-street parking is provided within the site.

The application has been informed by pre-application advice received from the Local Planning Authority (LPA), and the scheme has been refined to directly address the matters raised, in particular highway safety, parking and turning, residential amenity, and external appearance.

Has the work or change of use already started?

☐ Yes

☒ No

Existing Use

Please describe the current use of the site

The site is currently used as a residential dwelling (Use Class C3) comprising a three-bedroom detached house. The property includes residential living accommodation over two floors, with off-street parking accessed from Southfield Road.

A single room within the property is currently used on a limited basis for chiropractic consultations; however, the lawful existing use of the site remains residential (Use Class C3).

Is the site currently vacant?

- ☐ Yes
☒ No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

- ☐ Yes
☒ No

Land where contamination is suspected for all or part of the site

- ☐ Yes
☒ No

A proposed use that would be particularly vulnerable to the presence of contamination

- ☐ Yes
☒ No

Materials

Does the proposed development require any materials to be used externally?

- ☒ Yes
☐ No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)

Type:

Doors

Existing materials and finishes:

The proposed external alteration relates to the South West and South East entrances of the property only. The existing South West entrance comprises a white uPVC double door with two glazed side windows, and the South East entrance is a uPVC single door with one glazed window.

Proposed materials and finishes:

The proposal is to replace the existing South West entrance arrangement with a white uPVC French-style double door with increased glazing. The South East door to be replaced with a UPVC French-style single door with increased glazing. The replacement doors will retain a domestic appearance and will be in keeping with the existing residential character of the property, while improving natural light and accessibility to the proposed health and wellbeing clinic. No change to the overall architectural character of the dwelling is proposed.

Are you supplying additional information on submitted plans, drawings or a design and access statement?

- ☒ Yes
☐ No

If Yes, please state references for the plans, drawings and/or design and access statement

Please see elevation plan on page 4.

Pedestrian and Vehicle Access, Roads and Rights of Way

Is a new or altered vehicular access proposed to or from the public highway?

- ☐ Yes
☒ No

Is a new or altered pedestrian access proposed to or from the public highway?

- ☐ Yes
☒ No

Are there any new public roads to be provided within the site?

- ☐ Yes
☒ No

Are there any new public rights of way to be provided within or adjacent to the site?

- ☐ Yes
☒ No

Do the proposals require any diversions/extinguishments and/or creation of rights of way?

- ☐ Yes
☒ No

Vehicle Parking

Does the site have any existing vehicle/cycle parking spaces or will the proposed development add/remove any parking spaces?

- ☒ Yes
☐ No

Please provide information on the existing and proposed number of on-site parking spaces

Vehicle Type: Cars Existing number of spaces: 5 Total proposed (including spaces retained): 5 Difference in spaces: 0

Trees and Hedges

Are there trees or hedges on the proposed development site?

- ☐ Yes
☒ No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?

- ☐ Yes
☒ No

Assessment of Flood Risk

Is the site within an area at risk of flooding? (Check the location on the Government's [Flood map for planning](#). You should also refer to national [standing advice](#) and your local planning authority requirements for information as necessary.)

- ☐ Yes
☒ No

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?

- ☐ Yes
☒ No

Will the proposal increase the flood risk elsewhere?

- ☐ Yes
☒ No

How will surface water be disposed of?

- ☐ Sustainable drainage system
☐ Existing water course
☐ Soakaway
☐ Main sewer
☐ Pond/lake

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☐ Yes
- ☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:
Development subject to the de minimis exemption (development below the threshold)

Do you confirm that the development falls below the impact threshold and that no onsite priority habitats are impacted?:
Yes

Please justify the reason why biodiversity net gain does not apply:
The proposal is exempt from Biodiversity Net Gain requirement as external works are minor and unlikely to affect local ecology. Biodiversity enhancements, such as bird boxes, can be incorporated if required.

Please read the help text for further information why developments may be exempt or not in scope.

Evidence for 'de minimis' exemption claim

[Government guidance strongly encourages the provision of evidence](#) (e.g. plans and metric calculations) to allow the local authority to validate your exemption claim, even where the site is zero rated. Failure to submit sufficient information may result in your application being deemed invalid, delaying progress until it is provided.

Please provide the pre-development biodiversity value of onsite habitats on the date of calculation

Please provide the date the onsite pre-development biodiversity value was calculated

dd/mm/yyyy

This should be either the date of the application, or an earlier proposed date

Please provide the projected post-development biodiversity value

Please provide the reference for any document or supporting file (for example, the completed biodiversity metric calculation) that supports the values and justification above and will allow the local planning authority to confirm that the impact on on-site habitats falls below the de minimis threshold, taking into account any on-site priority habitats.

Foul Sewage

Please state how foul sewage is to be disposed of:

- ☒ Mains sewer
- ☐ Septic tank
- ☐ Package treatment plant
- ☐ Cess pit
- ☐ Other
- ☐ Unknown

Are you proposing to connect to the existing drainage system?

- ☐ Yes
- ☒ No
- ☐ Unknown

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- ☒ Yes
- ☐ No

If Yes, please provide details:

Trade refuse waste is arranged with Hinckley and Bosworth Council fortnightly and is stored on private property between collections.

Have arrangements been made for the separate storage and collection of recyclable waste?

- ☐ Yes
- ☒ No

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

- ☒ Yes
- ☐ No

If Yes, please describe the nature, volume and means of disposal of trade effluents or waste

General waste will be produced and trade waste is in place with the council 240 litres fortnightly collection.

Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

- ☒ Yes
- ☐ No

Please note: This question is based on the current housing categories and types specified by government.

If your application was started before 23 May 2020, the categories and types shown in this question will now have changed. We recommend that you review any information provided to ensure it is correct before the application is submitted.

Proposed

Please select the housing categories that are relevant to the proposed units

Reference

26/10060/PREHMO

Date (must be pre-application submission)

29/06/2026

Details of the pre-application advice received

The Council's pre-application advice confirms that the principle of changing the existing dwelling to a health and wellbeing clinic is acceptable and supported by Policies DM1 and DM25 of the Site Allocations and Development Management Policies DPD (2016). The site is within the Hinckley settlement boundary and is considered sustainably located, with public transport, the town centre and other amenities nearby. The proposed use would provide a community facility and employment opportunities.

The proposed external alterations are considered minor, principally involving upgrading the entrance doors to increase glazing. Full details should be provided, with alterations proportionate and in keeping with the existing building, materials and surrounding area.

Any signage should be limited. Signage on the west-facing elevation should not be illuminated to protect neighbouring residential amenity. Any signage on the Southfield Road elevation should use external rather than internal illumination.

The Council requires details of any external plant, including air-conditioning or air-source heat pump units, including their type, specification and location. Any potential odours from treatments or activities should also be identified, with appropriate mitigation measures.

The Local Highway Authority considers parking and manoeuvrability to be a key issue, as the proposed medical/health use could require significantly more parking than the existing dwelling. The application should therefore demonstrate sufficient off-street parking, turning and manoeuvrability, with parking shown on a scaled plan. Vehicles should not need to reverse onto Southfield Road. The existing site access should remain unchanged unless amendments are necessary; widening towards the Toucan crossing is likely to be resisted.

The Council's Ecology Officer advises that the minor external works are unlikely to have a significant ecological impact and that ecological surveys are unlikely to be required. The proposal is also likely to be exempt from Biodiversity Net Gain requirements, although biodiversity enhancements such as bird boxes would be welcomed. There is no objection on sustainable drainage or waste management grounds, subject to suitable trade waste facilities.

Overall, the Council supports the principle of the proposed change of use but requires the full application to provide comprehensive details of the external alterations, signage, plant and potential odours, together with a detailed parking and turning plan demonstrating that highway safety and residential amenity will be protected.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

E.g. All the land is owned by a single individual

☐ Yes

☒ No

Is the land owned by multiple individuals, or has agricultural tenants where the details of all individuals are known by the Applicant?

E.g. The land is owned by 2 people and the applicant can provide details of those owners.

☒ Yes

☐ No

Certificate Of Ownership - Certificate B

I certify/ The applicant certifies that:

☒ I have/The applicant has given the requisite notice to everyone else (as listed below) who, on the day 21 days before the date of this application, was the owner* and/or agricultural tenant** of any part of the land or building to which this application relates; or

☐ The applicant is the sole owner of all the land or buildings to which this application relates and there are no other owners* and/or agricultural tenants**.

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural tenant" has the meaning given in section 65(8) of the Town and Country Planning Act 1990
