Comments Details

Comments:	I have viewed the plans to consider the implications for the recycling & refuse collections.
	The distance from the dwelling to the highway boundary is considerable. Please note: all our collection services are from the boundary to the public highway.
	Please ensure adequate space on properties to store the various containers and also space at the kerbside (where the properties meet the public highway) for the placement of the containers on the collection day.
	It would be advisable to include an area near to the roadside for safe placement of the various containers on collection day. It will be the responsibility of the occupiers to ensure that all containers/wheeled bins will be brought to the collection point, please ensure occupiers are advised of the procedure and bin collection point.

Kind regards
