Comments:
The survey has been orientated to the Ordnance Survey (OS)

National Grid (OSGB36) via a GPS and the OS active network. No Scale factor has been applied to the survey therefore the

coordinates shown are arbitrary and not true OS which has a scale factor applied.

Trees are positioned accurately unless stated, Boles & Canopys are indicative unless otherwise stated where possible.

Some services may have been omitted due to dense vegetation, parked vehicles or site access issues.

All critical dimensions to be verified on site before design - construction takes place. All dimensions shown are in meters

No liability will be taken for this drawing if passed onto a third party without written permission of Fosse Surveilling.
