NATWEST RETAIL CLOSURES - HINCKLEY
NRC12/LET0001 - PLANNING STATEMENT

We are writing in reference to the application for the closure of Hinkley Bank.

Having reviewed the list of requested documents, we would like to formally note that we do not consider the following items to be necessary for the determination of this application:

- Design and Access Statement
- Landscaping Details
- Parking Provision Details
- Planning Statement

This is on the basis that the proposed works do not include any amendments to parking arrangements, landscaping, or access provisions. As such, these documents do not appear to be relevant or applicable in this case. Should you deem these mandatory during validation stage, please let us know and we will assist.

Yours sincerely

Beth Egerton
